RESPONSE TO VENDOR QUESTIONS

Vendor Question No. 1: Toilets Being Replaced? If so, please provide a model number to use

Agency Response: Toilets will be Owner supplied and installed.

Vendor Question No. 2: Shower faucet is a two handle not pressure balanced. Could be a code issue. Alternate?

Agency Response: Two handle faucets have been specified in shower stalls not being replaced, as the existing faucets in these stalls are two-handle.

Vendor Question No. 3: Kitchen model declares article stainless, but the note say agency to pick, please clarify.

Agency Response: Kitchen appliances must be stainless.

Vendor Question No. 4: Please reference Alternate #2 – Rewire Cabin to Hide Wiring in All Legacy Cabins. Can you please provide more direction/details for how this is to be accomplished? Is the existing panel to be relocated so that it can be recessed into the wall? If the panel is not recessed into a wall then the wiring cannot be hidden. Additionally, for the ceiling fixtures and power to the fixtures, there seems to be no way to provide power to these fixtures without the wiring being visible from all views.

Agency Response: Existing panel does not need to be relocated or recessed. Any exposed wiring that cannot be hidden, must be covered with molding that matches existing logs, or the wiring hidden by removal of the chinking between the logs, placing the wiring, and installing new chinking.

Vendor Question No. 5: Please reference Alternate #3 – Remove and Replace All Direct Wire Interior Light Fixtures. Can you please provide model/part #'s for the required lighting fixtures to be provided? The scope lists a series of light fixtures that have different models with a wide price range;

Agency Response:

ET2 Elements Collection, Flush Mount, 3 Light, Round; E95004-101SN

ET2 Elements Collection, Pendant Mount, 3 Light, Round; E95308-101SN

ET2 Elements Collection, Wall Sconce, 1 Light, Round; E95060-101SN

ET2 Elements Collection, Mini-Pendant, 1 Light, Round; E95144-101SN

Vendor Question No. 6: In areas where flooring is to be removed and replace, the scope of work states "Moldings and Trims must be coordinated to manufacturer finishes". Can you please provide clarification as to what this entails? Is new floor base to be installed, or is the old to be salvaged and reused?

Agency Response: New floor base is to be installed.

Vendor Question No. 7: It will be very difficult to provide accurate pricing for these projects without plans showing the existing and new layouts for each cabin. Can you please advise if drawings will be provided for bidding purposes?

Agency Response: There are no drawings or specifications available. Bidder must make arrangements with the park in order to perform necessary field measurements.
