Dear Mr. Adkins,

We look forward to working cooperatively with the WV DNR to accomplish their future vegetation management goals.

Attached are the revised bid rates, for solicitation number **ARFQ DNR21\*62**. The pricing has remained the same from the previous bid, except for the change in units-of-measure on the metsulfuron methyl and the Garlon 4 for the basal spray.

Per our discussion concerning the bid contract language, we are still waiting on approval from our corporate board of directors on acceptance of the existing language. We expect to hear something from them in the next couple weeks.

Please feel free to contact me if there are any questions or concerns that need to be discussed.

Sincerely,

Michael Wolford
