

# DEER – Muzzleloader Season

**Daily Bag Limit: 1**

**Opening Date: December 12**

**Closing Date: December 17**

Two deer may be taken with a muzzleloader during this muzzleloader season. One must be taken on one of the following valid base licenses or license combinations: resident license (Class X, XJ, AB-L, A-L, Classes A+CS+BG); or a free license (Military, Disabled Veteran, former POW, Class DT or Senior Citizen); or nonresident license (Classes E+CS/LE+VV, Classes XXJ+CS/LE or Class DT). Underage residents and resident landowners hunting on their own land (see page 9) may take a muzzleloader deer without a license. An additional muzzleloader deer may only be taken with a Class RM or RRM stamp, a Class DT license or by a resident landowner hunting on his/her own land. Class DT license holders must be accompanied by a parent, guardian or, with written consent of the parent or guardian, any other competent licensed adult 21 years of age or older.

Muzzleloader hunting for antlered deer is legal in all counties open to buck season. A deer of either sex may be taken with muzzleloaders in all counties or parts thereof open to the Class N season. One additional deer may be taken on a Class RM or RRM stamp or a Class DT license in all counties having this muzzleloader season (see pages 12-14 and 27).

In the muzzleloader season, only single shot muzzleloaders, including “in-lines” of .38 caliber or larger are legal. Telescopic sights are legal. A firearm that has been converted into a muzzleloader by use of a plug, or a double-barreled or swivel-barreled muzzleloader is illegal for deer hunting during the muzzleloader season.

When being transported in or on a vehicle, muzzleloaders will be considered unloaded: when uncapped; when the priming charge is removed from the pan; or if they have an electronic ignition, the battery must be removed.

Only one deer may be taken per day.

**A hunter may take no more than three antlered deer per calendar year in all archery and firearms seasons combined.**

## USE OF CLASS RM AND CLASS RRM STAMPS AND CLASS DT LICENSES IN THIS MUZZLELOADER SEASON

Only one Class RM or RRM stamp may be used in this muzzleloader season.

Only one deer may be taken with a Class RM or RRM stamp. The Class RM and RRM stamps must be purchased prior to the opening of this muzzleloader season.

To take an additional muzzleloader deer, all residents, except resident landowners (see page 9) hunting on their own land and hunters who possess a Class DT license are required to purchase a Class RM stamp. All nonresidents, except holders of a Class DT license, are required to purchase a Class RRM stamp if they choose to take an additional muzzleloader deer.

Class RM and Class RRM stamps or a Class DT license may be used to take one additional deer in this muzzleloader season in all counties having this muzzleloader season (see page 27). See pages 15-16 for muzzleloader regulations on WMAs and other public lands.

Deer taken on a base license or license stamp combination or Class RM or RRM stamps may be checked in any order. A hunter may not hunt an additional deer until all previously taken deer have been checked.

Class RM, RRM stamps or Class DT licenses may be used to take one antlered deer in all counties having this muzzleloader season OR;

Class RM, RRM stamps or Class DT licenses may be used to take one either-sex deer in the 22 counties or parts thereof having a Class N or NN antlerless season bag limit of two or more antlerless (Class N) deer (see muzzleloader map page 27). See pages 15-16 for muzzleloader regulations on WMAs and other public lands.

Concurrent waterfowl hunting is legal (see separate WVDNR Migratory Bird Hunting Regulations publication).
